Annual Notificaton to Parents/Guardians 2023-2024

Dear Parent or Guardian,

Welcome to a new school year! We are all so happy to have your children back in school, and look forward to working with your family. All Buellton Union School District staff are planning a supportive and engaging school environment where each learner can thrive. We are working to start the school year with a full academic schedule including expanded learning and social-emotional supports for all students.

Key areas of focus this year will be the on-going goal of providing the most safe, supportive and engaging learning environments possible, the continued implementation of rigorous academic standards, and the integration of technology in the instructional program. The specifics of these major goals can be found in the district's 2021-2024 Local Control and Accountability Plan (LCAP) on the district's website at www.buelltonusd.org.

Enclosed in this booklet you will find the 2023-2024 BUSD Academic Calendar, and important information and notifications that the district is required to provide parents and guardians on an annual basis.

Please review this information carefully and keep this booklet handy during the school year. If you have any questions, please feel free to contact the appropriate staff at your child's school.

Please also sign and return the form indicating that you received this notification. We will not be able to complete your child's registration process until this form is signed and returned.

We look forward to seeing you, and wish you all the best this school year!

Sincerely,

Randal Haggard

PHOTO, VIDEO, AND AUDIO RECORDINGS RELEASE

Through the course of the school year there will be many photo and video opportunities that can showcase and document the great things going on at our schools. Oftentimes we invite our local newspapers, radio, and cable channel to document such events by taking photographs and videos and/or interviewing our students.

The Buellton Union School District also uses photos and video on social media such as Facebook and on local news websites. We do not identify specific students by name, but we may use your child's image in our effort to publicize the activities in our district.

We would like to continue to publish and document all of the marvelous events and special activities that make our schools special. We also respect student privacy. Please mark the appropriate box and provide a signature.

FAMILY INVOLVEMENT

In a democracy, parents and guardians are encouraged and welcomed to become involved in the formal education of their children enrolled in public schools. This early and consistent parental involvement helps children to do well academically. When this involvement is combined with a partnership between home and school, the student, the school and the community benefit.

Parents and guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in Chapter 864, Statutes of 1998 and Education Code Section 51101 as follows:

Classroom Observing: Parents may visit their child's classroom to observe activities within the requirements of public health and school safety. The time and date of any visit must be arranged in advance with the school.

Teacher Conferencing: Parents have the right to request a conference with their child's teacher(s) or the principal. Parents should contact the school to schedule a date and time convenient to all participants.

Volunteering: The District welcomes volunteers within the requirements of public health and school safety. Parents should contact the school to determine the terms and conditions of this service.

Student Testing: Parents have the right to be notified of their child's performance on standardized and statewide tests and the school's ranking on these tests.

Curriculum Materials: Parents have the right to examine the curriculum materials of the class or classes in which their child is enrolled.

Student Academic Progress: Parents have the right to be informed of their child's academic progress in school and of the persons to contact if they wish more information or assistance with their child.

Student Records: Parents have the right to access their child's records and to question anything they feel is inaccurate or misleading or an invasion of privacy. Parents

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

ATTENDANCE

■ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5, 48980, 49068, 51101; 20 USC 7912]

I. Interdistrict Attendance

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student’s permit.

Upon receiving a permit for transfer into the district that has been approved by the student’s district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes

to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement. 2. Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver’s home. [EC 48204(a), 48980; FC 6550-6552]

3. Attendance in District Where Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent’s/guardian’s employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

4. Special Enrollment Allowances for Some Categories of Students

Some students, including foster, homeless, migratory, American Indian, or military children, living in the district may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot

ask about a student's immigrant or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1, 234.7]

■ General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

- A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
 2. Due to quarantine under the direction of a county or city health officer.
 3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
 4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 5. For the purpose of jury duty in the manner provided for by law.
 6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the

custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.

7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.
12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence.
(B) (i) A middle school or high school pupil who is absent pursuant to subparagraph (A) is required to be excused for only one schoolday-long absence per school year.
(ii) A middle school or high school pupil who is absent pursuant to subparagraph (A) may be permitted additional excused absences in the discretion of a school administrator, as described in subdivision (c) of Section 48260.

13. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.
- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. For purposes of this section, the following definitions apply:
1. A “civic or political event” includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls.
 2. “Cultural” means relating to the habits, practices, beliefs, and traditions of a certain group of people.
 3. “Immediate family” means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. [EC 46010.1]

■ Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible. In the event of an emergency closure of Buellton Union School District due to any of the

reasons specified law, the District will implement the option for Independent Study for any student impacted by the closure. [EC 46393]

■ Minimum Days / Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

■ Leaving School at Lunch Time

The Buellton Union School Board has established a closed campus policy at all sites. Students may not leave campus at any time during the school day. This is for the security of the campus and to protect your student’s health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [EC 44808.5]

■ Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may have excused leave for up to 8 weeks or more without having to complete schoolwork or other requirements, or being subject to penalties. They may return to the same school and courses, and be provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the

■ Unexcused Absences (truancy)

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a student enters the juvenile justice system or drops out of school. Parents are urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Student Penalties: First truancy may result in a one-day weekend class; Second truancy may be a written warning from a peace officer; Third truancy may result in assignment to an after-school or weekend program, involvement of a SARB, a probation officer, or District Attorney; Fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of the juvenile court. Other penalties may include required community service, payment of a fine, attending a truancy mediation program, and loss of driving privileges.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student's school for a day and/or personally deliver their child to school every day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291,

■ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

■ Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based

Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615, 60640; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

■ **Local Control Funding and Accountability**

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

- | | |
|--------------------------------------|-------------------------|
| 1. Basic Services | 5. Pupil Engagement |
| 2. Implementation of State Standards | 6. School Climate |
| 3. Parental Involvement | 7. Course Access |
| 4. Pupil Achievement | 8. Other Pupil Outcomes |

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Homeless, Migratory, Foster, Military, and Juvenile Court Youth

Homeless, migratory, foster, military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

■ **Language Acquisition Programs**

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district’s language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A) (viii)]

■ **School Counselors**

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including

information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under “Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs” on page 25. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

■ District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

■ Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that

will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at <https://leginfo.legislature.ca.gov>. [EC 51933-51939]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The

school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

■ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school sites by school secretaries. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained,

the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

■ Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

■ Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

■ Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information

includes student’s name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

■ **School Safety Plan**

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

■ **Student Meal Program**

The District’s Food Service Department serves breakfast and lunch daily at no charge to all students. [EC 49510-49520, 49558; 42 USC 1761(a)]

■ **Student Use of Technology**

The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students

and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district’s Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district’s computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students’ personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

Whenever a student is found to have violated Board policy or the district’s Acceptable Use Agreement, the principal or designee may cancel or limit a student’s user privileges or increase supervision of the student’s use of the district’s equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from

students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-

appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 September 2016; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52]

■ School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the internet: Oak Valley Elementary at oakvalleyelem.buelltonusd.org, and Jonata Middle School at jonatams.buelltonusd.org. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

■ Services to Students with Disabilities

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

■ Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band,

cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

■ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized,

and will not be admitted without the required booster against pertussis (Tdap). The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

■ Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost

through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Santa Barbara Public Health Center
345 Camino Del Remedio, Santa Barbara, CA
(805) 681-5130

OR

Santa Barbara Co. Public Health Dept.
2115 S. Centerpointe Parkway, Santa Maria, CA
(805) 346-8410

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

■ Medication

Children may take medication, which is prescribed by a physician, received in its original container, and can get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. [EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49468.2, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

■ Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

■ Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

■ Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact Lisa Melby, Principal your school counselor, nurse, health aide, or the district office. In the

community a good place to start may be to dial 211 for referrals in your area or call Santa Barbara Co. Mental Health Services at (805) 681-5220. If you are in crisis contact this number or dial 911. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth and personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.buelltonusd.org. [EC 215, 234.5, 234.6, 49060-49079, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883; BP 5141.52 September 2021]

■ Schools Free of Tobacco, Alcohol, and Drugs

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a school environment free of these substances and has prevention and intervention programs. There may be programs through the District or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3; PC 13864]

■ Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping

health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost one out of every five children is overweight. Being overweight more than doubles a child's chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after

an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these websites: California Department of Public Health, www.cdph.ca.gov; Centers for Disease Control and Prevention, www.cdc.gov/diabetes/; American Diabetes Association, <https://diabetes.org>.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child's primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]

■ Meningitis

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. [HSC 120395-120399]

■ Fluoride Treatments

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. STUDENT BEHAVIOR AND SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination and harassment. Schools have an obligation to combat racism, sexism, and other forms of bias, and a

responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will quickly take appropriate action, and the student's identity will remain confidential.

■ School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

■ Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, bullying; and cyber-bullying including social-media bullying are available on the District's website at www.buelltonusd.org and online at www.cde.ca.gov, www.wested.org/project/california-healthy-kids-survey-chks/.

This includes all school facilities or

activities, events, and public places. More Information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines, imprisonment, and civil liability. DISCIPLINE

■ Civility

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave reasonably at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state, and federal laws and regulations; has policies and procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of laws governing educational programs, activities, and pupil fees. Employees, students, parents or guardians, school and district advisory committee members, appropriate private school officials and other interested parties are advised of the district policies and how to file a complaint if they so desire.

■ Nondiscrimination / Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile

environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may

include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/Information

The Superintendent or designee shall ensure that

all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

District's Uniform Complaint Process

You may contact your school's office or the District office to obtain a free copy of the district's complaint procedures. The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts became known. Complaints regarding a special needs student or pupil fees may be filed within 12 months of the occurrence. Complaints regarding LCAP may be filed anonymously. Complaints regarding Pupil Fees may be filed anonymously and with the principal. If a complaint regarding LCAP or pupil fees is valid, then the parents are due full reimbursement. Staff has been trained to deal with these types of complaints.

Those complaining (Complainants) are protected from retaliation and their identities are confidential when related to discrimination. Staff dealing with complaints are knowledgeable about the laws and programs they are investigating. The complaint may be dismissed if complainant obstructs or does not provide all information. If the District acts in the same manner, the finding may be affected.

1. Complaints made under this procedure shall be directed to the Uniform Complaint Officer who is responsible for processing the claims. A complaint under the Uniform Complaint Procedure should be completed within 60 days from the receipt of the complaint. The Superintendent and complainant may agree in writing to extend the timeline.
2. You may contact the UCP Officer to obtain a copy of the complaint process.
3. You may choose to have your complaint mediated.
4. There shall be an investigative meeting after receiving the complaint.

5. The compliance officer shall send a written report about the investigation and decision. There are then five days to appeal to the Board of Education.
6. If you are not satisfied with the results, the complainant then has 15 days to appeal to the California Department of Education. The appeal must include a copy of the locally filed complaint and a copy of the LEA decision.
7. There is nothing in this process to preclude a complainant from pursuing available civil law remedies outside of the district's complaint procedures. Such remedies may include mediation, attorneys, and legal remedies. Civil law remedies may include, but are not limited to, injunctions and restraining orders.

For discrimination complaints, 60 days must elapse from the time an appeal is filed with CDE before pursuing civil remedies except for an injunction. Complaints may also be forwarded to appropriate state or federal agencies in the following cases:
